

## Addendum to RFP

This addendum is issued forming part of the RFP No. BNBL/RED/REP-1/2023/01. The interested and qualified firms are required to follow the additional scope of works outlined in this addendum. The firms are required to make thorough assessment of the existing situation and submit proposal for each project component shown in a table below:

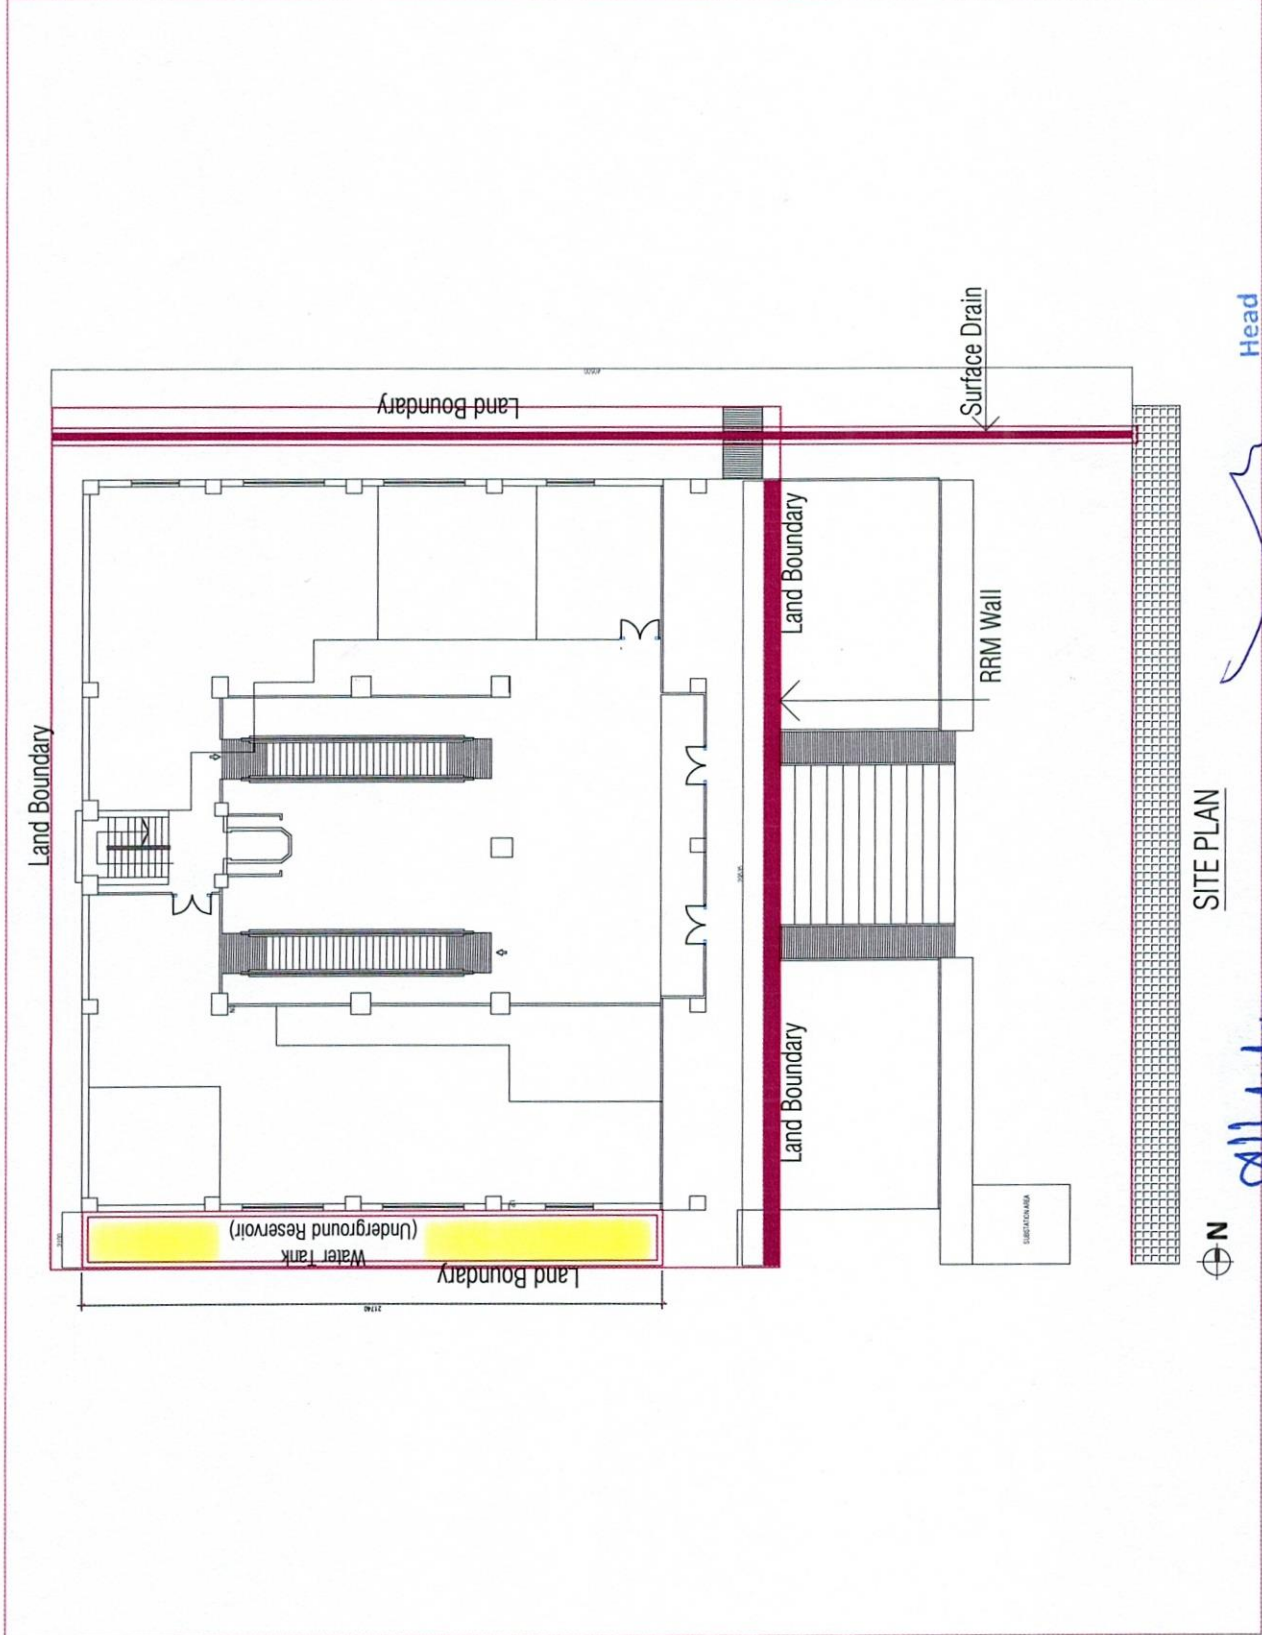

SI.No.	Project components	Remarks
1	Renovation of the existing 8 passenger OTIS Lift system including providing counter measure with permanent solution of the water seepage issues	
2	Repair of transparent sheet roof over the Atrium	
3	Repair of sanitary plumbing system	
4	Repair of water supply plumbing system	
5	Drainage system with providing MS steel grate cover	
6	Construction of RCC underground water reservoir 3000L capacity to be built near the plinth towards the North	
7	RRM Retaining wall to be built at the main entrance after dismantling of the Steps and structures
